To Whom It May Concern:

With this letter we would like to confirm cooperation with Ms Anna Slomkowska in 2013.

Our cooperation included two lectures for our employees regarding healthy nutrition at work place. She also prepared detailed specification of meals for our flight attendants taking into consideration job specifics and irregular working hours.

Ms Slomkowska is very professional and open minded Dietary with wide knowledge about nutrition in many aspects. Her engagement is impressive and it's worth to recommend her services.
